On

**Academic Leadership
and
Management of
Professional Education**

14- 18 September, 2020

Organized by

**Faculty of Engineering & Technology
Gurukula Kangri Vishwavidyalaya
10 KM Haridwar- Delhi Highway,
Sharddhanandpuram, Bahadarabad,
Haridwar, 249402**

About Institute:

Gurukul Kangri Vishwavidyalaya established in 1902 is a deemed to be university funded by the UGC, Govt. of India. It has three Campuses—Main Campus (Haridwar), Kanya Gurukula Campus (Haridwar) and Kanya Gurukula Campus (Dehradun) with Ten faculties--Oriental Studies, Humanities, Science, Life Science, Management Studies, Technology, Engineering & Technology, Medical Science & Health and others. It was the first Non-British University to be established in India in 1902 by Swami Shraddhanandji. It was established to impart education through the traditional Indian Gurukula System with synthesis between timeless ancient Indian thought and modern science. The distinguished services of this institution to the nation were recognized and it was given the status of Deemed to be University in 1962 by University Grants Commission. In 2015 it was re-accredited by National Accreditation and Assessment Council (NAAC) with A grade.

About Faculty of Engineering & Technology:

In 2000 Faculty of Engineering & Technology was established with an aim of imparting technical education in spiritual surroundings of Gurukula System. Keeping in mind the importance of technocrats with strong moral character, superior knowledge, and devotion to nation FET was established with a motto of Building Technocrats with ethics. FET is known in India and abroad for the students with virtuous moral character and Technical abilities. Currently it is providing education in B. Tech. in Computer Science & Engineering, Electronics & Communication Engineering, Electrical Engineering and Mechanical Engineering.

About FDP on Academic Leadership:

Academic Leadership for Management of Professional Education is a vital opportunity for learners to take the academic concepts and theories that they are learning and apply them in real-world setting. Academic leadership demands that leaders pay serious attention to leadership styles. This goal of excellence can be achieved by grooming faculty to continue making reforms in teaching-learning environments, while making great strides in learning environment and by developing teachers as the saviours of institutions. Professional Education leaders can achieve goals by inspiring faculty to connect with industry to achieve goals, and leave a lasting legacy. With this background of learning circles & mentoring the present workshop is conceived to provide academic leaders with transformation ability and action plan. The elements of action plan focuses on self-reflection, team experiences, learning circles, conferences and

seminars, mentoring & co-creation of virtual spaces. This workshop shall promote participatory, inclusive, transformational learning and achievement of Academic Excellence with action based leadership.

Target Audience:

The Faculty Development Program aims to invite participants from India and abroad who are interested in bringing change in organization and around through their Leadership skills. We would connect digitally with participants through Cisco Webex / Google Meet

Expected Outcome:

Teachers will not only get to know about Academic Leadership but will also be able to learn about the importance of leadership in career and education. Each participant will be given resources and material required to develop ability of leadership and the participants will have a one to one communication with the subject experts in this FDP.
