To build the position in the field of Academia.

SUMMARY

- 1 A dynamic individual with degree in **M.TECH.** With **76.77%** (Production Engineering).
- 2 A quick learner with the ability to work under pressure & meet deadlines.
- 3 Possess strong inter personal skills.

ACADEMIA

1. **M.TECH** in production engineering from **G.B.Pant Engg College Pauri-Garhwal** in 2014
Secured **76.77%** Marks
2. **B.E** in Mechanical Engineering from **G.B.Pant Engg College Pauri-Garhwal** in 2009.
Secured **67.01%** Marks.
3. **12th** from U.A Board in 2004.
4. **10th** from U.A Board in 2002.

EXPERIENCE

1. One an half year experience as Asst Prof in Doon Institute of Engg and technology at Rishikesh .
2. Three month in G.B.P.E.C Pauri Garhwal.
3. Presntly working as Asst Prof at Gurukula Kangri Vishwavidalya (F.E.T) haridwar Since to 20/07/2018.

SKILL SET

Operating System : Windows Vista/XP/98/95, 2000, 2008
Package : MS Office,
Area of interest : Basic Thermodynamics, Production engineering,

PROJECTS

1. Title : Wind Energy Battery Charging

Duration : 8 Months

Organization : Department of MEED; G.B.Pant Engg. College Pauri-Garhwal Uttarakhand

Team Size : 5

Description : The main objective of the project is the utilization of flowing wind for energy generation. The obvious power of wind caught man's attention thousands of years ago but this unlimited treasure hasn't been yet positioned between the conventional sources of energy. The most important aspect of the development of project is to entrap the energy of flowing wind by means of a fan and storing this developed mechanical power in the D.C. storage battery for future use.

2. Title : Investigation of Tribological behaviour and mechanical properties of fiber and particle reinforced polyester matrix based hybrid composites

Duration: 8 Months

Organization: Department of MEED; G.B.Pant Engg College Pauri-Garhwal Uttarakhand

Description: Tribological evaluation of sisal fiber reinforced polyester resin composite has been a much less studied area. There is a very wide scope for future scholars to explore this area of research. Many other aspects of this problem like effect of fiber orientation, loading pattern, weight fraction of ceramic fillers on wear response of such composites require further investigation.

TRAINING

Summer training

Duration : 4 weeks

Organization : B.H.E.L, Haridwar.

HOBBIES

Listening music

CO-CURRICULAR ACTIVITIES

1. Discipline Secretary in college cultural committee.
2. Work as Mess Secretary for three year at college committee.

ACHIEVEMENTS

1. 2nd prize in Indian cultural knowledge examination at school level.

PERSONAL DETAILS

Father's Name	:	Mr. Girvar Singh
Sex	:	Male
Marital Status	:	Single
Date of birth	:	25 Aug 1986
Nationality	:	Indian
Languages	:	English, Hindi
Current Address	:	Braswal Bhavan, Girvar singh A-1 Gali Subhash Nagar Jwalapur Haridwar- 249407 Uttarakhand,

I certify that the information given above is true to the best of my knowledge and belief.

(Yogesh Kumar)
