 - 1.1 The program has been structured in a semester mode with multiple exit options with Certification, Diploma and Basic Bachelor Degree at the completion of first, second and third years, respectively. The candidate who completes the four years Undergraduate Program, either in one stretch or through multiple exits and re-entries would get a Bachelor's degree with Honours.
 - 1.2 The four year undergraduate Honours degree holders with a research component and a suitable grade are eligible to enter the 'Two Semester Master's Degree programme with project work'.
 - 1.3 Candidates who wish to enter the masters programme in a discipline other than the major discipline studied at the undergraduate programmes, have to take additional courses in the new discipline to meet the requirement or to make up the gap between the requirement and the courses already studied.
 - 1.4 The students who exit with Certification, Diploma and Basic Bachelor Degree shall be eligible to re-enter the Programme at the exit level to complete the programme or to complete the next level. The candidates may have a maximum of two exit options or lateral entries to complete the programme.
 - 1.5 The Multidisciplinary Undergraduate Programme may help in the improvement of all the educational outcomes, with a flexible and imaginative curricular approach. The program provides for both breadth and depth in diverse areas of knowledge. A range of courses are offered with rigorous exposure to multiple disciplines and areas, while specializing in one or two areas. The programme fulfils knowledge, vocational, professional and skill requirements along-side humanities and arts, social, physical and life sciences, mathematics, sports etc.
 - 1.6 The curriculum combines conceptual knowledge with practical engagement and understanding that has relevant real world application through practical laboratory work, field work, internships, workshops, and research projects.
 - 1.7 A few courses are common to all students which contribute to the breadth of study and two areas of specialization in disciplinary areas provides for depth of study.

1.8 The students may study two/three disciplines at the same level or breadth up to the sixth semester and choose one of them for study in the fourth year to obtain the Honours degree in that discipline. A student who wishes to get dual degrees may repeat the fourth year of the program in the second discipline.

1.9 Skills shall be explicitly integrated, highly visible, taught in context, and have explicit assessment. The skills shall include abilities in language and communication, working in diverse teams, critical thinking, problem solving, data analysis and life skills.
