

Event Report

EUREKA-2025 Pitching Competition

Introduction

The Entrepreneurship Cell of our college successfully organized the EUREKA-2025 Pitching Competition, an initiative under the umbrella of IIT Bombay's Eureka! 2025. The competition aimed to foster entrepreneurship, provide exposure to early-stage startups, and connect aspiring entrepreneurs with mentors and evaluation opportunities. The event also served as a gateway for participants to secure a fast-tracked evaluation for Eureka's Zonal Round.

Day 1: 20th August 2025 – Orientation & Motivation

Venue: Old Seminar Hall, Faculty of Engineering & Technology, Gurukula Kangri (DU), Haridwar.

The event began with an introductory session, where students were made aware of EUREKA-2025 and the opportunities it offers.

The E-Cell team highlighted the importance of entrepreneurship and encouraged active participation from students across departments.

Details regarding the registration process, including the necessity of registering on both the college's event platform and the official Eureka! platform, were emphasized.

Day 2: 28th August 2025 – Final Pitching Round

Venue: Old Seminar Hall, Faculty of Engineering & Technology, Gurukula Kangri (DU),

Haridwar.

The Final Round of the pitching competition was held with enthusiastic participation from students representing diverse courses and early-stage startup ideas.

The event was inaugurated with encouraging opening remarks by the Honorable Dean of Faculty of Engineering and Technology, who applauded the E-Cell's initiative in nurturing entrepreneurial spirit.

Each shortlisted startup presented a 5-minute pitch, followed by a Q&A session with the jury.

The jury panel, along with witnessing faculty members, provided valuable feedback, constructive criticism, and improvement suggestions to participants, making the session highly insightful.

Participating Teams & Ideas

| Team Leader | Idea Title | Description |
|-------------------------|------------------------|---|
| Madhukar Vaibhav | Smart homeostatic belt | A medical belt for soldiers and civilians for heavy bleeding blocking. |
| Laxman Yadav | D2 Kisaan | Supply-chain concept to supply farm products directly to consumers from farmers at farmers' welfare rate. |
| Piyush | ResQConnect | Accidental vehicle breakdown repair service at 24/7 availability |
| Garv | 3D Emporium | Customized Online 3-D printing service at low cost and other similar pre-made product selling platform. |
| Ashish | Project Drishti | AI powered surveillance and crowd management software. |
| Mansi Pokhriyal | Talent Sphere | Platform that helps people show their talents, gain recognition, and connect with opportunities. It lets supporters promote talent, while investors and mentors can offer funding and guidance. This turns hidden skills into successful careers. |

Overall Summary

The EUREKA-2025 Pitching Competition successfully ignited the entrepreneurial spirit among students, provided them with a professional pitching platform, and created networking opportunities with mentors and evaluators. The two-day event not only motivated participants to pursue their startup ideas but also integrated them into the broader Eureka! 2025 ecosystem, strengthening the startup culture in our college.

Key Outcomes:

- Promoted entrepreneurship across departments
- Provided valuable mentorship and evaluation opportunities
- Enabled exposure to Zonal Round evaluations
- Fostered collaboration and innovation among students
