Seminar on “Mechanical Engineering: Academia to Industry”

Organized by: IndGenius Engineer's Club

Date: 16/10/2025

Venue: Mechanical Seminar Hall

A seminar on “*Mechanical Engineering: Academia to Industry*” was organized by the IndGenius Engineer's Club, Department of Mechanical Engineering, Faculty of Engineering & Technology at Gurukula Kangri (Deemed to be University), Haridwar.

The program was inaugurated by Prof. Mayank Aggarwal, Dean, Faculty of Engineering & Technology, who appreciated the efforts of the club and stated that such initiatives provide students with opportunities to gain both technical and practical knowledge along with valuable experiences from industry experts.

The keynote speaker, Dr. Praveen Kumar Pandey, Department of Mechanical Engineering, shared valuable insights on various employment opportunities available to students after pursuing mechanical engineering. He elaborated on the vast scope of careers in both government and private sectors, highlighting roles such as Design Engineer, Quality Assurance Engineer, Maintenance Engineer, and Supply Chain Management Professional.

Dr. Mayank Pokhriyal, Faculty Incharge of the IndGenius Engineer's Club, encouraged students to actively participate in club activities and to make the most of the experiences shared by experts from academia and industry.

Dr. Lokesh Joshi, IIC Convenor, extended a vote of thanks to all guests and organizers, and appreciated the continuous efforts of the club in conducting such informative events

The program was conducted by student coordinator Mr. Vaibhav Pandey. The event was graced by Dr. Yogesh Kumar, Dr. Rishi Kumar Prajapati, and several club members including Gauresh Kumar, Devesh Singh, Shivam Raj, Anurag Kumar, Vishwas, and Vishesh Chauhan. The contributions of Kavindra Singh, Kamal Singh, and Dhanpal Singh along with other members were commendable in ensuring the success of the event. A total of 41 participants participated enthusiastically in the seminar.

The seminar enhanced students' understanding of industrial practices, expanded their awareness of diverse career opportunities, and emphasized the importance of skill development for professional growth. The seminar was successfully organized by the IndGenius Engineer's Club with active participation from students and faculty members. The event fulfilled its objective of connecting academic learning with industrial experience and inspiring students toward career readiness.
