

Digital Entrepreneur Workshop at Srinagar on 14 February 2026

The Digital Entrepreneurship Workshop organized by Faculty of Engineering & Technology, Gurukula Kangri Deemed to be University, Haridwar at the Department of Applied Science at Hemvati Nandan Bahuguna Garhwal University was successfully organized on February 14, 2026.

expert lecture on “AI Tools for Research and Research Ethics” on February 14, 2026. The program witnessed the participation of more than 50 research scholars, postgraduate students, and faculty members, reflecting strong academic interest in the rapidly evolving role of Artificial Intelligence in research practices.

The expert speaker for the session was Dr. Suyash Bhardwaj, who delivered a comprehensive lecture focusing on the effective utilization of AI-powered tools in academic research and the ethical responsibilities associated with their use. In his address, he introduced participants to various AI-based platforms that assist in literature review, research paper summarization, reference management, plagiarism detection, grammar refinement, data analysis, and research idea generation. He emphasized that while AI tools significantly enhance research efficiency, they must be used responsibly and should complement, not replace, critical thinking and originality. He remarked that Artificial Intelligence serves as a powerful assistant for researchers but cannot substitute intellectual integrity and scholarly insight.

The second segment of the lecture focused on research ethics in the digital age. Dr. Bhardwaj elaborated on issues such as plagiarism, data fabrication, authorship ethics, transparency in methodology, and responsible use of AI-generated content. He stressed that with the increasing availability of automated tools, maintaining academic integrity has become even more crucial. He highlighted that ethical conduct remains the foundation of credible research and that technological advancements must be guided by honesty and accountability.

The program was coordinated by Dr. Anuja Rawat, Head of the Department of Applied Science, and Dr. Kiran Verma, Assistant Professor, who ensured the smooth organization of the event. In her remarks, Dr. Rawat stated that awareness of AI tools is essential for modern researchers, but adherence to ethical standards is equally important for sustaining academic excellence. Dr. Verma noted that the lecture was highly relevant for research scholars navigating new technological tools in their academic work.

The session concluded with an interactive discussion, during which students actively raised queries regarding AI-assisted writing, ethical boundaries, journal publication norms, and plagiarism policies. Participants expressed that the lecture provided valuable clarity on balancing technological advancement with ethical responsibility. The program was widely appreciated and regarded as a significant academic initiative, marking it as a highly successful event for the department and the university.
