A Guest Lecture was delivered on “The Importance of Reading Skills” by Mr.Dev Dulal Haldar on the 5th of September 2022 in the online mode. The lecture was attended by 100 participants. Mr.Haldar explained the significance of Reading Skills in the teaching/learning process. He pointed out that teachers should always remember the student’s level and pitch their lecture accordingly. Teachers should be facilitators of Reading skills and should make effort to read and teach as per the interest and requirement of the students. Mr.Haldar also explained how one can read a person, before communicating to a person and understand the problems, and challenges that the person is facing. To read a person we have to listen attentively and emphatically. When we read we become more inclusive and more understanding towards others and become better teachers and human beings.

The strategies of reading like Skimming, Scanning, Extensive reading, Intensive reading and Critical reading were explained in detail by Mr.Haldar who also explained how one has to read not only words and phrases but should also read and interpret silences, fissures and gaps in texts and figure out the empty signifiers. So reading is a very important skill which one must attain in order to be successful in gaining and dissipating knowledge
